MISSION

Mature and dedicated web developer searching for first experience.

WORK EXPERIENCE

09/2019–04/2020

Front End Web Developer

Hack Your Future, Brussel (Belgium)

<https://hackyourfuture.be/>

- Innovative projects, made by incredibly motivated developers, students, coaches & organizations. I have started this practical training to collaborate with new web technologies since September 2019 and graduated and finish with a hands-on real-life project in April 2020
- For running project please refer to [Dance With Me App](#)
- **Dance-With-Me** application matches the users in accordance with their preferences (location, gender, age, weight, and height) and shows the events in which they can enjoy together.
- This project is created for the final project of Hack Your Future Belgium Front End Development and build by **HTML5, CSS3, Bootstrap, MongoDB, Express, NodeJS and ReactJS (Mern Stack)**
- You may find the details of our project in this link: [Project Repository](#)
