

Ufuk UYSAL

Front End Web Developer

 LinkedIn  Portfolio  Github  Youtube  ufuk.uysl5@gmail.com  +32 0487 63 78 42

 B  25/06/1992  Hasselt, Belgium

Dedicated, passionate, highly skilled and self-motivated individual, with hands on coding experience, looking forward to new opportunities in web page and application development.

Professional Experience

- 11/2020 – present** **High Stone, Front End Developer**
- I'm helping develop it using Next Js in a project called Hyrai. We are trying to achieve maximum efficiency by using the Scrum methodology. Thanks to experienced developers, I find the opportunity to learn continuously.
- 08/2015 – 02/2019** **Turkish Land Forces Command, Military Officier (Lieutenant)**
- Trained for IT and programming in C++
 - Worked with software developers on radar-related applications
 - Led and commanded large team, both in academy and in field.

Education and Training

- 08/2020 – present** **Intec Brussel, Front End Developer**
- 08/2020 – 09/2020** **Open Summer of Code, Front End Web Developer**
- 09/2019 – 04/2020** **<https://hackyourfuture.be/>, Web Development-Front End Web Developer**
- 09/2011 – 08/2015** **Turkish Military Academy, Ankara (Turkey), Bachelor Degree - Electronic Engineering**
